

## **Agenda Tuesday 14<sup>th</sup> September 2010 Room 402 @3.30pm**

**Lunchtime observers:** Some polite people needed to subtly request staff that leave things who leave things on turn things off if possible.

**Recycling :** Find out how we can recycle tin cans, plastic bottles, batteries, printer cartridges and anything else that might be thrown out in school.

**Flag Pole :** Where can we get a flag pole and how much will it cost. Where would be a good place to put it?

**Ecoschools Exhibition :** Where is it being held this year? Could we get there for a day?

**Recycling Display :** On the notice board by the front door we could have a display of what can be recycled and where.

**Growing Food :** Growing our futures want some help to grow food in the school.

**Biodiesel :** Could we make this? What equipment would we need? How much would it cost? Where could we make it and who could use it?

**Gas Consumption :** Somebody to keep an eye on how much gas we are using (internet logger). Display of gas consumption by week, month, year – something that compares now with a year ago.

<https://amr.gazpromretail.com/>

**Electricity Consumption :** Same kind of job as keeping an eye on the gas.

[www.naturalwatt.com/okehampton.aspx](http://www.naturalwatt.com/okehampton.aspx)

**Water Consumption :** Ditto gas and electricity (internet figures and graphs).

**Litter :** How do we get people to stop dropping litter?

**Ideas for competition :** We need a nifty code or logo. All entries could be given a small prize with a really good prize for the one we choose to use. Who judges it?

**Raising Awareness :** Who will do assemblies to explain the benefits and achievements?

**Student Thoughts On The Planned Projects :** Do you have any ideas?

**Planning Meetings :** If necessary, who is willing to speak to planners at the planning meetings about our proposed wind turbines?

**Video Link Up :** We have been asked to link up with other schools from around the world using video conferencing (to compare what we do with what they do).

**Clever Bloggers :** People needed to record events and initiatives on The POD.
