Higher

Topic 1	Fractions
Topic 2	Percentages
Topic 3	Straight line graphs
Topic 4	Circle Theorems
	Answers

Introduction – how to use this booklet

This booklet is to help you review and revise the key topics covered towards the end of the academic year (and mostly by remote learning).

Early in the Autumn term you will have a written assessment on questions from these topics and your performance will help your teachers plan how to support you next year.

Each section contains a Knowledge Organiser on the topic, followed by practice questions. The answers are at the end of the booklet.

If you have completed most of the remote learning lessons set on Class Charts, you may still like to use this booklet to review what you have learnt and help you prepare for the assessment.

If you have not been able to complete many of the lessons, the knowledge organisers should help you catch up on the topics and answer the practice questions. You should check your work against the answers and if necessary, go back and correct any mistakes.

You will still be able to log in to the Sparx lessons (codes given on Class Charts for your class) until 31st July, so you can still use this resource to catch up on some topics and practise the skills.
