

Top Tips for Revision in English Language

- English Language is a skills-based paper, meaning the best way to practise is to do lots of past papers.
- Look back at your mock papers to check your marks for each question, and the suggestions for improvement.
- You should time yourself for each question so that you get used to the timings in the exam – timing is often the hardest bit!
- Focus most of your revision on questions 4 and 5 on both papers – this is where most of your marks are awarded.

Key Revision Techniques

- Revise how to answer each question:
 - Use your English classwork to remind yourself of how to answer each question.
 - Use the links below for explanations and videos of how to answer each question.
- Practise past paper questions using the links below:
 - Time yourself writing answers.
 - Mark yourself against the mark scheme.
 - Re-write your answers, with improvements.

Revision Sessions

- Tuesdays 15.30-16.30 – English Language: – room 613 - Miss Spiller
