

Year 9

Classwork and home learning Task

Week beginning 13th April 2020

Work to be photographed and uploaded onto Teams by the deadline set.

You have three weeks of lesson and home learning time to complete two tasks.

Your Challenge is to use a loo roll or rolls as a blank canvas!

I would like you to **pick a film or story/play** as inspiration and decorate your toilet roll(s) accordingly.

The following slides show examples to inspire you when you create your own film or book piece.

Crushed toilet rolls inspired by gargoyles in Disney's Hunchback of Notre Dame

Movie or story on a Toilet Roll:

1. Draw and design your piece, considering the shape and size of the roll. Think about composition and how you will fit all the work into the rolled space. How will your film or story characters and scenes fit?

Remember, these are teachers' film choices made during lockdown- make sure yours is appropriate for a school task.

You may decide to make the piece 3D but you do not have to. You can also use more than one loo roll if you want.

2. For the second task, you could animate the roll spinning or being chased around etc. so that I can see all the sides or something about the film's story. You could even add relevant music that ties into your film and send me a film or link! Another way of doing this could be using time lapse as you work so I can see how it develops...If this is not possible, you must produce a research page or drawings that also be photographed and submitted.

LOOK AT THE FOLLOWING SLIDES FOR INSPIRATION-

these have been made by artists and teachers to inspire you.

Use what you have- if it's only a biro, that's fine.

An American Werewolf in London

Materials

Toilet
roll,
pencil,
black pen

Play this clip for an example of animation

If you have plasticine papier mâché, or paper/card- you could create a more 3D feel like this Dobby from Harry Potter.

Movie on a Toilet Roll

- Your challenge is to create your own 3D artwork in response to your favourite 2 movies, using a toilet roll as the starting point.
- You can use whatever materials you like (pen, paint, pencil, card, fabric etc) and can add or remove parts of the toilet roll to change the shape/form.
- You could explore the characters, soundtrack, setting, genre, location, quotes etc or combine different aspects of these.
- Use your research to give you ideas and also look at the examples by your teachers for techniques to use.
- You can also create digital versions using your Chromebook or apps and make stop motion animations.
- Upload your work into Teams in the assignment section of your class and we will post them on our Instagram page.

Examples!

Jaws

Example

Materials

Toilet roll, pencil, paint, brushes

Forrest Gump(Bubba Gump Shrimp)

Materials

Toilet roll, pencil, scissors, glue, paint, brushes

Chitty Chitty Bang Bang

Materials

Toilet roll

Coloured
paper/card

PVA glue or
Pritt stick

Scissors

It

Materials
Toilet roll,
pencil, paint,
brushes

Jaws

Materials
Toilet roll, pencil, paint, brushes

The Shining

Materials
Toilet roll, pencil, paint, brushes

The Lego Movie & Paddington Bear

Materials
Toilet roll, coloured paper/card, felt, PVA glue or Pritt stick, wire, scissors

Digital Movie Concepts

Materials
Toilet roll image, images from chosen movie, editing software or app (Pixlr Editor on Chromebook, Photoshop, Snapseed)

An American Werewolf in London

Materials
Toilet roll, pencil, black pen

Chris Riddell OBE is a British Illustrator, writer of children's books and political cartoonist for the Observer newspaper. He was made Children's Laureate in 2015.

These are some of his 'toilet roll illustrations'.

Task: Use discarded cardboard tubes or packaging materials to create a range of characters for a story.

Draw these in pen, pencil, with or without colour.

Tip: Pick a story that already exists to illustrate or make up a story with your own characters. **More:** Enact the story using your characters. Film it using your phone, adding voiceovers if possible.

Anastassia Elias makes wonderful back-lit paper dioramas (miniature scenes) with three dimensional figures or items, usually small in size) inside of toilet paper tubes.

Loo Roll Art Challenge!

Pinkfoot Gallery

22 Mar at 15:56 · 🌐

Join us with the Loo Roll Art Challenge !

Wondering what to do with all those gorgeous little blank canvases clogging up your recycling bin? Why not turn them into art. Post your creations tagging **#pinkfootloorollchallenge** It doesn't matter if you're not creative, it can be anything, graffiti, cartoons, expressions of rage, love, boredom, frustration....we could go on but we'd love to see some artists have a go too and children please - let your creative mind explode! **EDP 24 North Norfolk Living Magazine BBC News Jeremy Vine @BBCRadio2 Red Hare Publishing Ltd BBC Breakfast**

If you want, you can post your creations on this site to show what you have been doing during lockdown.

Enjoy!
